Home-Sweet-Home

We hope this edition of the Unruh Update finds you well. While we all may have been spending more time at home lately, after a road trip or a long day of work, it still feels really good to return to that home-sweet-home feeling.

In order to protect that feeling, it's important to have the right insurance coverage in place in case something goes wrong. In fact, according to *Marshall & Swift/Boeckh*, a leading provider of building cost data, about sixty percent of homes are undervalued - and potentially underinsured - by 17%.

While Erie insurance has plenty to offer when it comes to their base homeowners policy, their ErieSecure Home Select bundle provides additional customizable coverages.

Some notable coverages in the Home Select bundle include:

- Siding and roofing restoration
- Theft, misplacing, losing jewelry
- Theft of media from a motor vehicle
- Trailers and campers
- Underground service line
- Sewer or drain backup
- Equipment breakdown (when dealing with a weather pattern called a "ring of fire," extra coverage for your AC might be nice)

The Erie Home Select bundle also offers competitive pricing, available discounts, and increased limits for the things you value the most. If you are interested in what this bundle could do for you, we can help you add some special touches to your policy.

More above on the subject of homes....

A New Home in Downtown Denver

Have you heard the news? We've found a new home! Don't worry, we will still have two locations; Our current location in East Earl and a new Denver location, which will be moving from the Muddy Creek Shopping Center to the old Fulton Bank building in downtown Denver.

Heck Construction is currently heading up the renovation of the Fulton Bank building in preparation for an October move. The new location will not only give us some room to grow but will help to establish a positive presence in the downtown Denver community.

Moving the agency into the Fulton Bank building will, in a way, bring the company full circle: Before Robert D. Unruh founded Unruh Insurance Agency in 1977, he spent several years of his childhood living in Denver just one block away from the building that will become the new home of the Denver branch of the agency.

We're also excited about the prospect of joining the various businesses and organizations in the downtown Denver area. Speaking to Rod Redcay, Borough of Denver Mayor, he explained:

"This adds another anchor business in Denver, making our Borough a better place to live and thrive. I couldn't be more proud to have Unruh Insurance as our neighbor!"

One last note about the move: the vault is intact and will be used as a coffee-stop for customers and the drive-through will remain functional!

Employee Spotlight

The newest addition to the Unruh Insurance Team is our Marketing Specialist, Josh Hoffert. Josh holds a degree in Sports Marketing & Media, and comes to us with a wide variety of

experiences both outside of and in the marketing field, including an internship at Spooky Nook Sports and as Marketing Manager at John Paul II

Center for Special Learning. Josh and his wife Sara will celebrate their 6th anniversary at the end of August, and they are proud parents to a Puggle named Lucy and a rescue Dachshund/Kelpie named Kona. So Josh fits right in with our animal-loving staff. When he's not making us look really good, Josh enjoys reading, watching horror movies, hanging out with his family, and gaming. He & Sara recently enjoyed an unforgettable trip to Ireland, and though they've never been to England, Josh considers the London Fog to be one of the best drinks ever created! Welcome, Josh!

We are currently in-office with the ability to work from home if necessary. Keep an eye on our website for any updates.

The Drive-Through

Drive-throughs are in high demand these days. Whether it's the bank, grabbing a bite to eat, or getting your coffee fix, drive-throughs add extra convenience and safety to simple transactions.

Perhaps a little-known fact about Unruh Insurance Agency is that we have our own drive-through available at our East Earl (Shady Maple Complex) location. When pulling into the parking lot, drive around the right side of the building, pull up to the second window, and ring the bell.

A drive-through at an insurance agency? What is it used for?

Great questions! We always try to make things as easy as possible for our clients. Our drive-through is good for making payments, picking up and signing documents, and other simple transactions. It's easy and safe!

Our current Denver location doesn't feature a drive-through, but we have big news about a new Denver location that *will*. More info inside. ▶

“

“I prefer to use local businesses when possible and I found Unruh Insurance, specifically Mr. Hoshour, to be very helpful and knowledgeable. I was very pleased with the pricing, prompt service, and efficiency.”
